Colonel Wm. C. Rafferty, Coast Ar-
tillery Corps, commanding the coast
defenses of the Potomac, will be sent
officer aboard the United States
transport Thomas when that vessel
clears the quartermaster's docks at
San Francisco on Saturday to carry
coast artillerymen and Field Com-
pany E of the signal corps, now at
the Presidio, to Honolulu. He will
be in immediate command of the
One Hundred and Nineteenth and
One Hundred and Forty-third Com-
panies of Coast artillery, the other
two companies now on their way to
sail on the transport, and the signal
corps field company.

Capt. Geo. L. Hicks, Jr., Coast Ar-
tillery Corps, who has been with the
Seventeenth Company at Fort Wash-
ington, Maryland, is now on his way
to San Francisco from the east. He
will report for duty to Colonel Raf-
ferty and be assigned to the com-
mand of one of the companies sail-
ing on the transport.

The senate labor committee today
named Senators Borah, Swanson and
Sawdels as a sub-committee to con-
sider the resolution by Senator Kern,
demanding a senate investigation of
the situation in the coal field of West
Virginia. It is thought they will re-
port favorably. Senator Kern will de-
mand a recall when their report is
made.

Delbert E. Metzger of Hilo, candi-
date for Governor to succeed Walter
F. Frear, was among the passengers
who arrived today on the Matson
liner Lurline. Metzger claims to be
a life-long Democrat and is proceed-
ing to Washington with the endorse-
ment of the party organization in the
islands, as well as the support of
many of the business interests.

"While the Hawaiian Islands will
be hit hard by free sugar legislation,"
said Metzger, "the people of Hawaii
will boldly face the situation."

"Hawaii is too big and rich in nat-
ural resources to be materially in-
jured by the sugar situation when it
comes, its people are viewing the
impending condition philosophically
and are preparing to meet the
change."

Word was received at Marseilles,
France, last night of a marine horror
which occurred yesterday afternoon
in the entrance to the harbor of
Smyrna, Asia Minor, in which the
coasting liner Senegal was sunk and
many of her passengers killed or
drowned. The Senegal was leaving
port with two hundred persons
aboard when she struck a Turkish
mine, which had become torn from
its moorings and floated into the
channel.

The explosion is described as ter-
rific, tearing a great hole in the
liner's side. The boat went down
within a few minutes, carrying many
wounded with her. It is feared that
the number who have escaped is very
few.

The world's altitude record for an
aviator with a passenger was broken
at Bruay, France, today by Aviator
Perron. He was aloft for two hours
and twenty-five minutes, ascending
13,278 feet.

Advices of a reassuring nature were
received from Tokyo today to the ef-
fect that the reply to the protest
against the California anti-alien land
bill had been received in good spirit
and that there was a decided impres-
sion that a satisfactory solution of
the question would be reached.

Officials at Washington express sat-
isfaction at the news from Tokyo and
say that the situation is more satis-
factory today than at any time since
negotiations were begun.

President Cautions Sisson.
President Wilson today sent for Rep-
resentative Sisson of Mississippi and
urged him not to make any speech
that would offend the sensibilities of
Japan. Mr. Sisson, who recently made
a "war speech," had given notice of
his intention to speak in the house on
Friday on the legal phases of the Ja-
panese alien land question. He had a
20-minute conference with the pres-
ident, during which, however, he as-
sured President Wilson that he would
not discuss the pending negotiations
or touch on anything of an incendiary
character, limiting himself to an argu-
ment on alien land ownership.

That was the White House version
of the conference, though Mr. Sisson
himself declined to make any com-
ment, declaring merely that he would
speak on Friday.

The president is known to be an-
xious about discussion in congress at
this stage of the Japanese question, es-
pecially involving any observations on
racial discrimination.

Twenty persons in Enterprise, Ore-
gon, owe their lives today to the in-
genuity of Ah Ling, cook for the Com-
mercial hotel, who, when he discov-
ered that the hostelry was on fire,
rushed from room to room rousing the
sleeping occupants with a clanging
alarm clock. The hotel was totally de-
stroyed.

Secretary of the Navy Daniels made
an aeroplane flight at Annapolis this
afternoon with Lieut. J. H. Towers,
U. S. N., as aviator. The secretary
remained aloft about five minutes, cir-
cling over the waters of the harbor at
an average height of about 500 feet.

Lieutenant Governor Barrett O'Hara
of Illinois was cleared of all suspicion
of immorality, laid against him in an
affidavit of Mrs. Maude Robinson, by a
report at Springfield today of the sen-
ate committee under Senator Ettleson,
which investigated the woman's allega-
tions.
